STUDENT NOTES

I did watch an overview video by Joe Mesot <https://www.youtube.com/watch?v=HmYPqwSefoA> to compare approaches.

Other notes are all clearly defined in the readme.md file. Please look at the Q&A table and the Lessons Learned. Overall, I learned a lot. I am happy with the result except for the resolution of the images. I may have to learn more there, but the use of srcset is working for hero and the other placeholder images are documented as well.

Thanks for your feedback, I want to establish the right habits. Please let me know what you think of DevFlow and repo. Kind Regards,
Raul Flores, Jr. "Rudy"
