PROJECT REVIEW	CODE REVIEW 20	NOTES

▶ index.html   11

▶ css/responsive.css   5

▼ css/styles.css   3

```
1  .body {
2    margin: auto;
3  }
4
5  /* set my fonts */
```

AWESOME

Well done adding some comments to your CSS. I recommend checking out the following great article for further guidance on commenting code.

```
6
7  .header, .main {
8    font-family: 'Open Sans', sans-serif;
```

Rate this review

Providing at least one fallback `font-family` in case the primary font is not available to your user shows foresight and aligns with best practices!

```
 9  }
10
11  .header-text {
12      color: #2d3c49;
13  }
14
15  .featured-work-header {
16      color: #7d97ad;
17  }
18
19  .featured-item-header {
20      color: #2d3c49;
21      text-align: center;
22  }
23
24  .header {
25      border-bottom: #7d97ad solid thick;
```

▲

SUGGESTION

❗ Important

Although the browser will be able to figure out this shorthand, please note that the correct syntax for the border shorthand is:

✏️ Example

```
/* border-width | border-style | border-color */
border: thick solid #7d97ad;
```

For additional information, please refer to the MDN docs.

```
26      text-align: center;
27      margin-bottom: 25px;
28  }
29
30  .header-title {
31      margin-bottom: 25px;
```

```css
32 }
33
34 .featured-work-header {
35     text-align: center;
36     padding-bottom: 25px;
37 }
38
39 .featured-items {
40     border-bottom: #7d97ad solid thick;
41 }
42
43 .featured-item-header, .featured-text {
44     text-align: center;
45 }
46
47 .header-logo-container-img, .featured-img {
48     max-width: 100%;
49     height: auto;
50 }
51
52 .body, .header, .main, .hero-container, .hero-img, .featured-items, .featured, .featured-img, .f
53     /* Green */
54     /* background-color: #087d08b5; */
55     width: 100%;
56     height: auto;
57 }
58
```
